Experience

COMPUTER SYSTEMS ENGINEER, Premium MG Solutions– Moncton, New Brunswick Sep 2026 – Present

- Serve as the sole software engineer, owning the full lifecycle of the company's internal platforms: requirements, UI design, architecture, development, testing, and maintenance.
- Building an internal timesheet application and company intranet to streamline daily operations, and developing the company's public landing page.
- Architected a company design system and packaged it as a reusable internal library, standardizing UI and speeding up all future development.

CENTERS SENIOR DEVELOPER, NTT Data – Mexico City, Mexico Mar 2023 – Apr 2025

CENTERS LEADER DEVELOPER, NTT Data – Mexico City, Mexico Apr 2025 – Aug 2026

- Led a team of data analysts and coordinators, mentoring them and aligning their work with cross-functional teams to deliver data insights and process improvements on time.
- Spearheaded automation initiatives by developing analytical tools and dashboards, increasing order processing speed by 80% and boosting operational efficiency.
- Coordinated collaboration between global planning, logistics, and analytics teams, streamlining communication and data flow, which optimized production processes and consistently met customer expectations.

SOFTWARE DEVELOPMENT MANAGER, Dillo – Sydney, Australia Aug 2024 – Present

- Led software development teams delivering scalable, high-quality solutions, defining processes and milestones that kept projects on schedule under tight deadlines.
- Fostered a collaborative environment that improved team performance and knowledge sharing.

FRONTEND WEB DEVELOPER, Bedu – Mexico City, Mexico Dec 2021 – Jun 2022

- Built React/Tailwind sites with UX/UI teams, improving load performance by 50%.
- Created reusable components and libraries with Next.js, TypeScript, and GraphQL; contributed to releases and code reviews, reducing production bugs.

FRONT-END DEVELOPER, Logiety – Veracruz, Mexico Feb 2021 – Dec 2021

- Developed landing pages and interactive React interfaces, applying UX/UI best practices to improve usability and engagement.
- Optimized application performance for speed and scalability within Scrum cross-functional teams.

Education

Veracruz Technological Institute – BS in Systems Engineering Jun 2021

[Microsoft Certified: Azure Fundamentals](#) Apr 2025
